Jesoamaka Agugo

Technical Implementation and Client Onboarding

International remote | UTC+1 | jesoamakaagugo2@gmail.com | LinkedIn | Technical Portfolio

Professional Summary

Technical support and onboarding specialist with 5+ years across business communications, digital health and customer operations. Configured LG iPECS phone systems for Australian businesses, troubleshot SIP and account access issues, and guided customers and partners through platform setup. Documented defects, coordinated technical escalations and trained support staff.

Technical Skills

LG iPECS, IP PBX, VoIP, SIP trunks and registration, call routing, auto attendants, voicemail, account access and SSO troubleshooting, defect reproduction, onboarding documentation, Zendesk, Jira, Salesforce. Familiar with REST API and webhook concepts.

Relevant Experience

Complete ICT | LG iPECS Phone System Technician

Aug 2025 – Aug 2026 | Remote contract, Australia

- Configured extensions, hunt groups, voicemail, automated attendants and call routing on LG iPECS IP PBX systems for business customers.
- Investigated SIP registration, inbound and outbound call failures, and connectivity issues. Recorded configuration changes and findings, coordinated escalations and kept customers informed.

NovaBuk | State Partner, Commercial Operations & Onboarding

2026 | Remote, part-time

- Guided customers and partners through account setup and navigation for a Nigerian digital healthcare platform. Tracked onboarding actions across commercial, product and technical teams.
- Identified a setup issue affecting 24 users before complaints arose, documented the impact and coordinated escalation.

iPrevail Health | Client Operations & Support Specialist

Jan 2022 – Jul 2025 | Remote

- Troubleshot account access, SSO and platform navigation. Documented recurring defects and reproduction steps for technical handover.
- Trained and assessed 16 support recruits on platform workflows and issue handling. Helped retain 73 customers over eight months through issue resolution and follow-through.

Independent Consultancy | Client Operations & Onboarding Consultant

Jan 2025 – Present | Remote, part-time

- Create onboarding guides, FAQs and response templates. Clarify client requirements and improve instructions where users get stuck.

Data Chain Nigeria Limited | Customer Service Representative

2020 – 2021 | Agritech

- Guided users through setup and basic troubleshooting for digital agricultural services.
